Erasmus+ Programme, Key Action 2: Strategic Partnerships

TRAIning Transversal - Supporting Career Development and Research (2015-2017)

Short term joint staff training event Oberpullendorf, AT

13th – 18th March 2017

Meeting hosted by **FBST Frauenberatungsstelle Oberpullendorf, AT**

Venue: Oberpullendorf, Spitalstrasse 25

Participating Organisations:

Romania – Liceul Tehnologic de Mecatronica si Automatizari

Czech Republic - ProEduca s. z.

Austria – FBST Frauenberatungsstelle Oberpullendorf

Turkey – Burdur İl Milli Eğitim Müdürlüğü

Italy - Bluebook s.r.l.

Italy - Archivio della Memoria

This Training will contain the last **3** modules of the **IO2**:

4. Entrepreneurship

5. Cultural awareness and expression

6. Sustainable development

There are several aspects addressing directly to the importance of the training:

- **Addressing Particular Problems/Issues** of every participating organizations and facilitating understanding (initial need analysis of trainers issues will show the problems trainers are confronting with)
- **Improved Trainer's Performance** in delivering TRAIT blended learning course by the help of the e-learning resources: participants will become more aware of training practices/methods and proper procedures for implementing the modules of TRAIT course; participants will get a stronger understanding of the transversal skills and the particularities of each module.
- **Consistency**: The structured training and development program ensures that trainers have a consistent experience and background knowledge towards the themes and the approaches of TRAIT blended learning toolkit and ensures direct exchange of experiences related to training and particular problems of learners
- **Personal Satisfaction**: The confidence may push trainers to perform even better and think of new ideas that help developing the transfer of knowledge and skills to their learners; the training creates a supportive workplace.
- **Common European vision** of approaching training of transversal skills: the training activity will be a good environment to final calibration of the TRAIT course, participants acting like internal evaluators of contents and approaches proposed in every module.
- **Strengthening the power of partners** to successfully implement TRAIT blended learning course when back home for a wide category of learners: - Improved quality of services and products of training associations and organizations
